

NEW ENGLAND CAMERA CLUB COUNCIL, INCORPORATED

NECCC PRESIDENT'S MESSAGE

Dear Club President,

This packet contains information and applications for the many services the New England Camera Club Council offers to the more than 80 clubs that make up the council. Your NECCC representative may also be able to help explain these services to club members. Please take some time to look through all the inserts included in the packet to become familiar with the many services, programs, courtesy enrollments, and honors available to your club and your members. Then forward the appropriate forms to the club members responsible for each activity. Many, if not all, of these forms are also available at NECCC's Web site. Visit www.neccc.org to check them out.

In addition, there are many changes in store for the coming year as NECCC moves to embrace the various social media available and to put forth a greener persona. NECCC's award-winning newsletter *The Bulletin* will now be published online, integrating it with our Web site, our Facebook page, and the NECCC Blog. NECCC will be able to deliver news and information in a more timely fashion while also conserving natural resources and saving money. Please encourage your members to subscribe to the NECCC Blog or to become a Facebook friend.

Remember to tell everyone at your club about the NECCC Conference held each July at UMass Amherst. This annual three-day event offers a diverse collection of programs—entertaining and instructional—as well as hands-on photo opportunities and the ability to exchange photographic experiences with fellow amateur and professional photographers.

NECCC is proud and eager to support the New England photographic community with our many services and our annual conference. Feel free to contact me with any questions or suggestions.

Enjoy your photography.

Barbara Rozavsky, MNEC
